**Playtedz Limited.
Registered in England.
Company no: 10348057**

Playtedz provides a tailor made bespoke service that suits individual needs but also includes a social strand for children and young adults.

All children and young adults with additional needs may need an extra bit of help in their personal and social development through life.

At Playtedz we recognize that some may need more support than others; we are all different and all have different needs.

It is our hope that we can support everyone at Playtedz to achieve as well as they can regardless of how complex their disability may be.

All children and young adults are individuals and need to be encouraged to the best of their ability. It is important for us to learn about the service users that we support.

Life styles, backgrounds and needs must be respected in order for us to provide support appropriately, i.e. Religious and cultural beliefs, physical, emotional and social development enabling the children that we work with to become confident and contribute meaningfully in society.

Aims:

To support everyone by providing a stimulating and challenging environment, focusing on development through play and socializing.

To place children accordingly to their age, abilities, interests and needs.

To ensure all are included whilst respecting freedom of choice.

To ensure safety.

To complete any risk assessment necessary.

To provide consistent planning to help to understand structures and routines.

To maintain good relationships with Parents/Carers.

To encourage academic and life skills where ever possible.

To allow Parents/Carers to enjoy time to themselves or with family/friends knowing that their child is in a safe, caring environment having fun.

Furthermore.....

Your child can access a wide range of activities at Playtedz including;

Cinema Club.

Cooking club: cake making, preparing meals, following recipes.

Religious celebrations.

All our staff have current enhanced D.B.S certificates.

All have completed relevant training. All act as positive role models.
