Colourful semantics (i.e. colourful semantics sentence strips, pictures, and options to support formulating sentences. If you'd like more resources for colourful semantics, please contact this therapist e.g. via email. I have added blue for where and purple for some emotions which staff and family can try to use as a step up once x is confident with who-what doing- what sentences.):

Who?	**What doing?**	**What?**

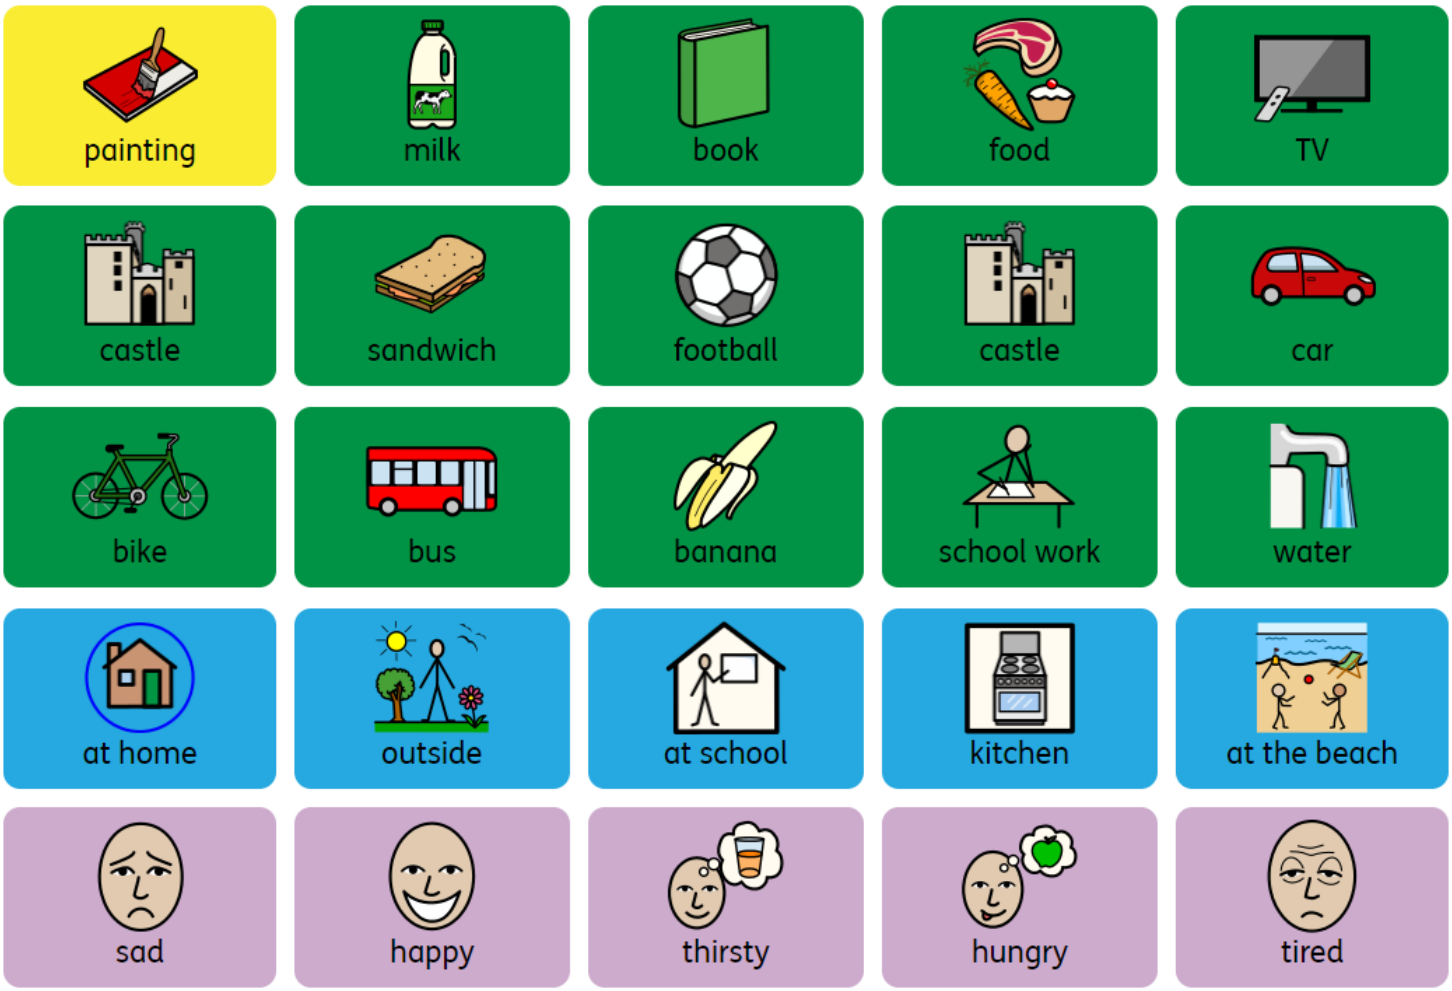

boy
girl
woman
man
baby
children
family
reading
running
pushing
watching
opening
playing
