 I, my	 want	 get	 make	 good	 more
 stop	 go	 look	 turn	 help	 different
 like	 can	 open	 do	 put	 same
 yes	 it	 wait	 up	 wow	 oops
 no	 here	 in	 on	 toilet	 finished

The core board is to support with speaking and listening. These are words that can be used across the day in many situations.

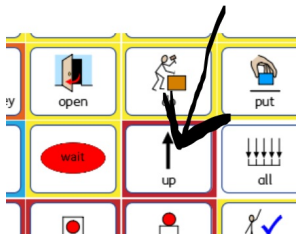

Use this when you talk to your child. Point to a word that goes with what you are saying: "get your shoes" "open the crisps"

The words can be used in different contexts.

"Time to get up" "Pick it up" "put it upstairs" "He climbed up"

Model this at home. It will help your child to see how these useful words can be used. If you would like to discuss please write a note in the home-school book or phone and ask to speak to one of the Speech and Language Therapists.
